KERAMOT UL ISLAM

SUMMARY

Working on web development for 2+ years. Worked on different popular WordPress plugins at production level. Also worked on rest API service, JavaScript & TypeScript Library. All projects are showcased on the Portfolio website.

EXPERIENCE

Software Engineer — Joules Labs

01 December, 2020 -- Present

- WordPress Plugin Development.
- Lead Developer of 'Crowdfundly WP plugin'.
- Worked on: WP plugin architecture, WP rest-api, external saas rest-api, api-key & email authentication.

Software Developer — ThemeBucket

01 May, 2019 -- 30 November 2020

- Worked as a developer in "Happy Elementor Addons" WordPress Plugin.
- Worked with API's: Twitter, Facebook Feed, Facebook Review, Google Sheet, Mailchimp.
- WordPress Theme Development.

Open-source Contributions:

- **BD API:** A RestAPI service that provides locations of Bangladesh. Build with NodeJS, ExpressJS, MongoDB. <https://github.com/AbmSourav/bdapis>
- **Talash:** WordPress advanced search plugin. It enhanced wordpress search experience with MySQL queries and Ajax calls. <https://github.com/AbmSourav/talash>
- **DataStructure:** TypeScript & JavaScript library. It provides different data structure APIs so that developers can create data structures without any hassle. <https://github.com/AbmSourav/dataStructure>

EDUCATION

Completed S.S.C in 2007 from Rangpur Zilla School, H.S.C in 2010 from Cantt. Public School & College, then completed graduation focused on Political Science From National University in 2015.
